

It Happened TODAY

World

Sir Oswald Mosley, head of the British Union of Fascists, received a sharp rebuff from Alexander Eastman, British Political Secretary of the World Jewish Congress, last night in London.

Eastman, who is Jewish, said that the Jews in Eastern Europe are more than the Jews of Great Britain and the British Empire, and that the British government is not permitted to permit and propagate the policies of anti-Semitism.

Crime

A thief who stole clothing from James Simpson, in Banff, made a large mistake. He left some old clothes in the bag and forgot to take the unemployment insurance card he took from the pocket. It led to Joseph Troch, who got one year in jail.

Police in Sudbury, Ontario, used tear gas to quell an outbreak in the Bursaw Industrial Park. Its 225 prisoners were said to be rioting over the poor quality of food served in the institution.

Police in Riviere du Loup, Quebec, are on the trail of the slayer of the taxicab slaying of 35-year-old Tristram Pistolet. The slayer, a U.S. Louis Phillippe Breton and taxi-driver Wilfred Dumais, 40, the bullet-riddled bodies of the two men were found last night about 30 feet from the overturned taxi.

Science

Dr. Donald Menzel, Harvard astronomer, announced the discovery of a fourth layer of excited atoms or ions which might present a barrier to rocket travel. He estimated the temperature of the layer at 1,800 degrees Fahrenheit—enough to make iron red hot.

SIR OSWALD MOSLEY

For Fascist rebuff. In Dublin, the statue of Queen Victoria, in front of the parliament building, will be removed to make a parking place for members only. One Republican member of the Dail suggested establishing "a concentration camp to house all monuments commensurate of alien occupation."

The world's largest airport at Idlewild near New York opened. The only plane to land on it carried New York Post editor, commissioner, Donald M. Lowe.

Children in New Zealand are getting the rough end of the deal over delays in unloading a grain ship at Auckland. The labor argument causing the holdup is about whether the ship's hatch should be lifted by hand or machinery.

London, England, newspapers announced today a cabinet source will recommend the purchase of 23 Canadian-built North Star transport planes for British Overseas Airways. Commented one, "It will inflict irreparable damage on British aviation contracts for at least 10 years."

Informal sources in Ottawa said there seemed no likelihood that a conference to draft the Japanese Peace Treaty will be called in the near future. The U.S. pressing for an early assembly a few months ago, seems to have "lost interest," they said.

The board of governors of the CIBC announced that the national network time will be given to speakers at national political conventions.

U.S. Secretary of State, George C. Marshall, said, discussions are under way with Britain and France on dealing with Russian blockade of Berlin. He had no comment to make on queries about a possible meeting of the Big Four at the Big Three.

SCRATCHES

WINNIEPIDE FRIDAY—All eligibles.

SECOND—Polly, Budly Nep.

THIRD—All eligibles.

FOURTH—Gallant Julie.

SIXTH—Tommy.

SEVENTH—Miss Merit, Coral Rose, H. Maroon, Sunny Ship, Touch Wood.

JOCKEYS

WINNIEPIDE FRIDAY—First—Russell, Bird, Silverlight, Roy, H. Bailey, Syverson, Rivard, Connell, Bovine, E. Johnson.

SECOND—Swigart, Potts, Violette, Russell, Connell, Castro, Bovine, E. Johnson, Levitt.

THIRD—Levitt, H. Bailey, Connell, H. Miller, Russell, Silverlight, Rivard.

FOURTH—Potts, Roy, Bovine, Russell, Connell, Levitt, H. Bailey.

FIFTH—Levitt, H. Bailey, Russell, Bovine, Rivard.

SIXTH—Levitt, McTaggart, Violette, Silverlight, Rivard, E. Johnson, Foster.

Trucker Detained In Shotgun-Slaying

RIVIERE DU LOUP, Que., July 2—(CP)—Maurice Lebel, 35-year-old bandoleer trucker, today was detained by police as a material witness in a Dominion Day shotgun-slaying of two men on a lonely roadside near St. Modeste, 10 miles east of here.

PURE SAMPLES OF ELEMENT 61 ARE REPORTED

SYRACUSE, N.Y., July 2—(CP)—Jack A. Marinsky and L. E. Glendenin, Massachusetts Institute of Technology chemists, say they have made pure samples of Element 61.

Scientists have known of the element, in natural ores, for 20 years. Each element has a distinctive set of lines in spectroscopic pictures, and Element 61 had been identified as such.

Marinsky and Glendenin proposed at a meeting of the American Chemical Society here yesterday that the element be named Plutonium, for the planet Pluto, which was discovered in 1930. It was named after the god of the underworld in Greek mythology who stole fire from heaven for the use of mankind.

Deaths Yesterday

By The Canadian Press

NEW YORK—Frank Rieber, 56, geophysicist who held 48 United States and foreign patents.

BETHUNE, France—Antoine Perle, 87, younger brother of former Marshal Philippe Petain.

LONDON—Lillian Edgewood, wife of home secretary Charles D. Lewis, and taxi-driver Wilfred Dumais, 40, the bullet-riddled bodies of the two men were found last night about 30 feet from the overturned taxi.

OTTAWA—Mrs. Lillian Elsworth, 64, widow of J. W. Elsworth, president of the Canadian Confederation of Labor and the Canadian Brotherhood of Railway Employees.

Race Entries

WINNIEPIDE, SATURDAY

Winnipeg Jockey Club, Polo Park

Winnipeg, last day—Saturday, July 3, 1948.

First Race—5:00 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Second Race—5:15 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Third Race—5:30 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Fourth Race—5:45 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Fifth Race—6:00 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Sixth Race—6:15 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Seventh Race—6:30 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Eighth Race—6:45 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Ninth Race—7:00 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Tenth Race—7:15 a.m. (The Westward Ho)—3-year-olds and up; 4 fms.

Holiday Accident Deaths Are 22

Comparatively Safe, Sane Dominion Day Observance

By The Canadian Press

Canadians enjoyed a comparatively safe and sane Dominion day.

A Canadian Press country-wide survey showed a relatively light fatality toll: 22, compared with 98 in last year's longer week-end celebration.

Three of the deaths were in a plane crash near Chapleau in Northern Ontario. Two were shooting deaths. One was a fire in a house in Ontario.

By last night American cars were knocking across the border as their owners started early on the July 4 Independence Day observance.

The low fatality toll indicated Canadians had taken to heart the pre-holiday warnings about using cars on the highways and in the water.

Ontario reported 10 violent deaths, Quebec six, Nova Scotia three, and Manitoba, Saskatchewan and British Columbia one each. In all, plane crashes took four lives, traffic deaths seven, drownings nine and the Quebec shooting two.

Mary Zecharko, 21, of Komar, Man., north of Winnipeg, was killed when a car overturned on the Sweeney Mountain road. Her sister, Sophie, 18, and R. J. Stewart of Winnipeg were injured.

MOTORCYCLE CRASH

Milton Dibble, 21, of Ladner, B.C., was killed when a motorcycle went out of control on a Ladner street and crashed into a fence.

Winnipeg Jockey Club, Polo Park

NEIGHBORS HAVE TROUBLES, TOO

NEW YORK, July 2—(CP)—Good neighbors lost out to justice in downtown traffic court.

Douglas Warner appeared before his neighbor, Magistrate Philip Thurnton, on parking charges—his third since March.

Twenty-five dollars and 30 days, the 30 days suspended during good behavior," said the magistrate. "And I warn you, Mr. Warner, you appear me again and you'll serve time."

Railroad Unions Prepare For Strike

MONTREAL, July 2—(CP)—The general negotiating committee of 18 railway brotherhoods involved in a dispute with the Canadian railways, continued its sessions yesterday, making preparations for a general strike of 122,000 of its members July 15.

Poland was the only one of the Communist countries which had not issued an announcement that it was in line with resolution of Yugoslavia. Some statement was expected after today's meeting, a Warsaw dispatch said.

Marshal Tito stood alone in the international camp. But Edvard Despathe insisted that he was being hailed at home and evidence of nationwide loyalty were piling up.

His virtual endorsement by the Communist parties was completed when, according to official news agency reports from ranking government posts, he had been hailed at home and evidence of nationwide loyalty were piling up.

The unions announced Tuesday that unless their demands for a 35-cent-an-hour wage increase are met, they will strike July 15.

John Hauke, 16-year-old cousin of the accused, testified Zecharko had told him early in May he was going to make a deal with Zecharko for a car, tractor, livestock and farm machinery.

He accompanied Zecharko and a truck driver named Steve Kokolito to Pichek's farm where they loaded wheat and farm equipment on a truck, some of which was sold. Zecharko was believed to have obtained nearly \$1,000 from the grain and stock.

Zecharko's 15-year-old sister, Mary, testified that her brother had told her he was going to Spedden to make a deal.

Mary Zecharko, 21, of Komar, Man., north of Winnipeg, was killed when a car overturned on the Sweeney Mountain road. Her sister, Sophie, 18, and R. J. Stewart of Winnipeg were injured.

MOTORCYCLE CRASH

Milton Dibble, 21, of Ladner, B.C., was killed when a motorcycle went out of control on a Ladner street and crashed into a fence.

Shots Fired Man Nabbed Then Freed

Law sometimes works against the law, may be the opinion of two frustrated city constables today.

The two policemen, Constable Walter Jeandron, and Fred Airth, chased an alleged "peeping tom" through city streets, fired two warning shots, and finally caught their man, early today.

Then, according to city by-law, the policemen had to release their man, and allow him to return home. It all started about 12:30 a.m. today when two policemen received a call from a resident at 109 avenue and 95 street that a man was peeping in a window.

Constables Jeandron and Airth rushed to the scene. The complainant pointed out the man peering in a next door window. Moving into the action, the two constables called a warning then gave chase.

Two warning shots were fired into the air in an attempt to halt their quarry.

The two city policemen cornered their man in a lane and Constable Airth moved in to apprehend him. The alleged "peeping tom" was led meekly home, where he was turned over to his wife.

According to city by-laws an application for a summons will have to be made out before he can appear in police court.

Police haven't decided what to do.

Mayor Opens Flood Victims Week July 5

The City of Edmonton Flood Victim Fund week will be observed starting July 5, it was announced today by Mayor Harry Ainlay.

The city's objective for this fund has been set at a minimum of \$35,000.

Mayor Ainlay appealed to all citizens to send in their donations during next week, and expressed the hope the minimum set would be substantially exceeded.

R. W. Silbhard, manager of Edmonton Community Chest, has been appointed manager of the fund.

Special events planned for next week include a big day on Saturday, July 10, a dance at the Trocadero Ball Room on Wednesday, July 7.

Edmonton's baseball moguls John Dwyer and John Beatty are arranging an international contest between American and Canadian members of the Big Four clubs.

Date of the contest will be announced later.

Response to the fund has been disappointing to date, there being less than \$2,000 subscribed.

Bright spot in the picture is the excellent support coming from district points, and also from the city's schools.

Owens In City

D. O. Owens, K.C., Winnipeg, resigned contest for Canadian National All-Canadians, was Edmonton today on a routine business trip.

Mr. Owens was conferring with F. H. Keefe, general superintendent of Edmonton region, and other CNR officials here.

Canada Leads in Mail Service

Inauguration of the new "all-up" mail service yesterday gives Canada what is in one respect the most modern postal system in the world.

The carrying of all mail by air is a normal development in the evolution of postal service. But that Canada has been the first to achieve it and has made it possible at the basic postal rate is an accomplishment that will rate this country highly among the most progressive nations of the world.

Speedy communication is the essence of modern business. It is one of the vital factors in the increase of production which is the source of the wealth of this age. Even in smaller and more congested England where distances between all points are much shorter than they are in

the New World, a demand for better postal service was one of the first results of the industrial revolution in the Victorian era.

Here in North America, and particularly in sparsely settled Canada, rapid communications are the very lifeblood of trade and industry.

The government of Canada could have conferred few real benefits upon Canadian business than by this new service which gives a full airmail status to all letters travelling along the main air routes.

Commencement of the "all-up" service on July 1 was one of the most appropriate features of Dominion Day, moving Canada, as it does, to the top of the list of progressive nations.

LETTERS TO THE EDITOR

What About Other Child?

Editor, Bulletin: In the editorial of June 25 in the Bulletin, the editor has asked a few questions that I am sure many readers would like to see answered.

One, what about Mrs. Conrad's other child? It is going to be left in the hands of the state to possibly be dealt with as the other child?

She is free now. Not only that, but has been gratulated.

Adventure On The Bus

Editor, Bulletin: At 6:30 on the evening of June 30th, Mr. Finkle had brought him to this land of plenty and Mr. Finkle was told that he was going to be a "bridge" bus. Mr. Finkle was really quite a few.

Mr. Finkle could walk to and from his job quite easily. As he walked, one way or the other the bus was to him and really they were not far from a horrible temptation. He caught glimpses of the passengers, their white faces peered anxiously against the windows, and he noticed quite a few.

They seemed to have their eyes tightly closed. Whether this was from a worried or polite look, he was not sure. He imagined it to be the latter since the features of the bus were not drawn with some finer for him.

He brought the matter of the great bus up at about and had been allowed in extra time in his lunch money for the trip. He met him then, leaving against a solid enough bank building but shaking inwardly.

Around the corner from Jasper Avenue onto 100 street it came.

By DeWitt Mackenzie

FROM TODAY'S NEWS

China has the world's biggest population—more than one-fifth of the people of the whole globe. She also carries the heaviest burden of taxation.

China has a terrible civil war involving Communism. She is afflicted with an economic crisis which prevents the development of her resources.

Indeed, conditions are so bad that they are hardly fit to be called human government but are efforts at rape by a despotic ruler.

Therefore it is intriguing to find that China is turning to a final resort to moral rehabilitation for a solution. They figure they can get further on the basis of brotherly co-operation than by the exploitation of one group by another.

Too idealistic, you say? Well, I'm not prepared to argue that point. I'm merely recording an extraordinary development. I encountered the other day for the second time when I met Dr. Chen Li-fu, vice-president of the Chinese parliament and one of the right-wing leaders of the Chinese government. He has been in the world assembly for a month and a half.

Complaints Of "Dust Bowl"

Editor, Bulletin:—As it's time to go to the fair, I think I should say that it's time to go to the fair.

It's tough when merchants, apartment houses, and other taxpayers surrounding the market place, and the dust bowl, and the dust bowl, and the dust bowl.

OUR TOWN

North America's Anti-Semitism

Last week's convention in Vancouver, of the British Columbia Anti-Semitism League, produced some extremely interesting information about the battle against anti-Semitism that does not seem to have reached the regular columns of the news papers.

Heard by the anti-defamation committee of the convention was a long list of names in the United States, but in many cases these conditions are paralleled in our own country and in this city.

The reports were good and bad.

On the good side was the news that there is no organized anti-Semitic activity in any city since 1933.

The chief American organization today are the Ku Klux Klan, and the distributed largely in the Nationalist Crusade and the National Economic Council.

There was a decrease in the number of anti-Semitic newspapers and periodicals.

It is interesting to note, by the way, that the Anti-Defamation League of B'nai B'rith lists one Vancouver publication among the 75 actively hostile hate sheets.

The League's 1947 report has this paragraph:

The Front Newspaper, a blatantly anti-Semitic and Catholic sheet, was published by Major Fred T. Frost in Vancouver, B.C., and distributed largely in the United States. In July, 1947, the paper was closed.

Finally his corner came up and in the course of his own private "game" with the driver, Mr. Finkle came up a poor second.

He arrived at his own little haven of peace and comfort as in body, bewildered in mind and beaten in spirit, Mr. Finkle took the situation in at a glance.

Mr. Finkle often remarked that some of her Canadian cousins were a bit barbarous but for one one of them pleased him mightily.

"Oh, dear, dear," said Mrs. Finkle, "and I'll open you a 'cock'."

Mr. Finkle's own experience is a daily one to most South Slavic but Mr. Finkle just wonders if it was worth upsetting your budget by one dime.

THE QUEEN JERON OF AIR-MINDED EXPRESSIONS DID NOT TROUBLE HIM.

Down McDougall hill they swooped with the last of the summer and straining in every joint and the wires about the bridge, Mr. Finkle saw later they left the ground swinging like a pendulum.

They were soon about and off. As the bus swung rapidly towards McDougall hill, and the great expanse of river valley and the "flats" came into view, Mr. Finkle circled round the corner at Charing Cross operators but then, "O Canada" thought Mr. Finkle.

They were soon about and off. As the bus swung rapidly towards McDougall hill, and the great expanse of river valley and the "flats" came into view, Mr. Finkle circled round the corner at Charing Cross operators but then, "O Canada" thought Mr. Finkle.

Wanted — A Safety Engineer

The work of the Edmonton Safety Council, which has just announced a three-month safety program, has quadrupled in value if the city would appoint a qualified safety engineer to supplement and complement its efforts.

The Safety Council, in a little over a year of existence, has done magnificent work for Edmonton. Its campaigns have borne results and the fact that no traffic fatality has occurred in this city for 153 days is an amazing and unusual civic record to the achievement of which the Safety Council has contributed heavily.

The current campaign for the summer, aimed at greater courtesy on the part of motorists, at greater traffic safety for children and at the abatement of high and reckless speed, are all useful and necessary.

The Safety Council will campaign for motorist and funds during the first half of September. And since co-operating public opinion is the greatest asset such an organization can have, Edmonton people should respond warmly.

But there is a point in safety promotion beyond which amateur effort, no matter how zealous and devoted it is, cannot go.

Safety in the home, in the factory, on the street and on the farm has become more than the mere exercise of continual caution. It has become a definite and well-ordered science.

And the ultimate in safety cannot be achieved without the leadership of a trained expert in safety.

There are combinations of circumstances, for instance, which appear quite safe to the layman but which the trained safety engineer knows are fraught with danger.

These hazards can only be recognized and eliminated by men who have made a scientific profession of safety.

The Safety Council can lay and has laid a splendid groundwork for safety in Edmonton. It can, and has made Edmonton people safety-conscious.

But the time has come when the expert touch should appear. The time has come to engage a permanent professional safety engineer.

The Fight Against Arthritis

The interest shown by the Hon. Paul Martin, Minister of national health, in the Arthritis Club of Banff appears to indicate that a study of this prevalent disease will consume a fair share of the initial annual federal grant of \$4,400,000 made for general health purposes and of the \$100,000 grant made for medical research.

As a matter of fact, the incidence of arthritis in its multiple forms has become such a serious medical problem in Canada that there is good reason to urge that special grant be made, under the new federal health program, for the study and treatment of this disease alone.

Between 800,000 and 900,000 out of the 12,000,000 people of this Dominion are disabled, partially disabled or are likely to be disabled by arthritis.

The Department of health doubts realizes all this.

Most people with arthritis and those who sympathize with the problems of arthritis can promote the campaign for alleviating this disease by contributing membership funds to the Arthritis Club of Banff which is keeping the problem constantly and emphatically before the public.

By Elmore Philpott

Prodding of Left Wing Keeps Politics Vital

Barring the increasingly unbecoming outburst of President Truman, the drafting of General Eisenhower to run as a Democrat, Governor Dewey is well on his way to the White House.

This is a tremendous toll on the production of the country to say nothing of the suffering and personal inconvenience caused by the disease.

The claim of arthritis to special annual consideration and special grants is well-founded because treatment of the disease is prolonged and expensive and frequently beyond the financial capacity of many sufferers.

The Department of health doubts realizes all this.

Most people with arthritis and those who sympathize with the problems of arthritis can promote the campaign for alleviating this disease by contributing membership funds to the Arthritis Club of Banff which is keeping the problem constantly and emphatically before the public.

By Elmore Philpott

Prodding of Left Wing Keeps Politics Vital

Barring the increasingly unbecoming outburst of President Truman, the drafting of General Eisenhower to run as a Democrat, Governor Dewey is well on his way to the White House.

What effect will this have on the political situation of the United States? It will increase the chances of war.

There is a sense in which there is more likelihood of the Republicans being willing to make a life-and-death agreement with Russia, which would relax the international tug-of-war which would divide the world in knots.

I think Mr. Truman has himself out of the presidency, and make a Democratic defeat a reality.

One studies the history of the United States, that for matter the Liberal Party in Canada or the New Democrats find that those parties only thrive when the "left-wing" within the party are not tolerantly tolerated but sincerely hated within the party.

It was young Laurier, called in Quebec the radical or Rouge Party, who established the ascendancy of the Liberal Party in Canada.

Vitality Progressive

The Liberal platform on which Mr. Mackenzie King won the party leadership and later carried the country was vital progressiveness. The same thing was true of the Liberal party in Britain in the decade before the First World War.

The average woman has a vocabulary of only 10,000 words. The average man has a vocabulary of only 10,000 words. The average man has a vocabulary of only 10,000 words.

From the Files

LOOKING BACKWARD

1888—60 Years Ago

Hon. C. H. Tupper, minister of marine and fisheries, was elected by acclamation.

An order-in-council appointing Arthur B. Hays, Lieutenant Governor of the North West Territories, has been issued.

Republicanism at Chicago nominated General Harrison of Indiana as its candidate for president.

1908—40 Years Ago

Edmonton's tax rate for the year will be 14 1/2 mills.

Rails are being laid on the line Regina to play a series of basketball games in Europe.

Work began this morning to prepare the first block on the new bridge over the river.

1918—30 Years Ago

London—There is an unconfirmed rumor that the Kaiser has captured Moscow and that Trotsky and Lenin have fled.

By the apparent court granting Calverton to the United States, the result of an appeal brought by R. B. Hays, the content was that the federal council that had drafted Lewis was unconstitutional.

Heard United Kingdom export figures were announced on June 8th. Mr. Harcourt, the president of the Board of Trade, disclosed that provisional return for May showed a total of \$10,000,000, or 10 per cent in excess of 20 years ago, the highest value in Britain's trading history. If it had not been for the war, the value of exports would have reached a rate of something like \$15,000,000 or nearly 10 per cent above the present value.

Major Kirkpatrick of Toronto addressed the Canadian Club on his life as a prisoner of war in Germany.

1928—20 Years Ago

Royal Air Force band has been engaged to play at the exhibition.

1938—10 Years Ago

Construction permits issued for the first half of the year totalled \$1,400,000, over 3 times the value of the same period in 1937.

Thousands of residents flooded to the city for the Dominion Day celebration.

Trivium

The first exhibition of work of the Royal Engineers for Industry will be held at Burlington House.

His object will be to show by practical demonstration and example the value of the industrial design of good design and the vital contribution which designers are making to Britain's industry.

The exhibition will be as much the customer as to the manufacturer, for the public will see for itself the value of such creation of a new product from the first sketches, through model and prototype to the finished article as it comes off the production line.

Designers for industry, which is the heart of the industrial revolution, is recognized as the highest design to be obtained by the industrial design in Britain.

Prairies Need Rains To Assure Good Crop

Northern Alberta Worst In Three Provinces

Light rains have aided crops in most prairie areas but the improvement will be only temporary unless further moisture is gained.

According to the weekly Canadian National and Canadian Prairie crop reports, only Manitoba received an "adequate" amount of rainfall.

Cooler weather halted the advance of grasshoppers in most areas and slight amounts of hail have been reported.

Basin-central Alberta reported warm weather with showers at the first of the week, but the moisture has been little benefit.

In this area, early sown crops are fairly good but later sown ones are at a standstill. Some straw-popping damage is reported along the Saskatchewan border.

More rain is badly needed in the Northern Alberta area in spite of cool weather and showers.

Early wheat is still good, but showing little progress while cereals are patchy and uneven.

The feed situation is satisfactory at the moment although pastures are turning brown and hay is expected to yield less due to the lack of rain.

Some wheat is in the short blade, but is very short.

Shower has been received in the area west and north of Medicine Hat in the Peace River district giving steady growth of all types of grain. Some wheat is in the short blade.

East and south of Medicine Hat light scattered showers have been received and a general heavy rain is needed.

Northern Saskatchewan has reported timely rains and improved conditions, but more moisture is needed. Grasshoppers and cutworms have been checked by the rains.

The feed situation has improved as farmers are not expected to dispose of so much stock as was anticipated. Some light hail was reported but little damage was caused.

B.C. Needs Berry-Pickers

More berry-pickers from Edmonton and other Northern Alberta points are urgently needed in the fruit growing areas of British Columbia.

Close to 300 have already been sent through the National Employment office here, but close to 500 more are needed immediately.

Latest request for berry-pickers came this morning when 100 more were asked.

One of the heaviest crops of raspberries in history is ripening fast and employment is needed to obtain students over 18, and teachers, to fill the request.

got light rain, but more moisture is needed to prepare crops for the hot summer weather.

Some wheat is in the short blade but is very short.

FREE AT LAST after waiting 10 long months are Edmonton's school kids. Here's a happy bunch bursting forth from Alex Taylor's school. Scene was duplicated all over Edmonton early Wednesday afternoon

Pioneer Dies Bronc-Busters Take Over As Ponoka Goes Western

Death claimed a pioneer resident of the Gibbons district recently in the passing of Mrs. Mattie Taylor.

Wife of Judd Taylor, a well-known Gibbons resident, Mrs. Taylor came to Alberta in 1904 with her husband. They homesteaded in the Pine Creek district, near Waskatenau, but in 1919 moved to Gibbons, some 20 miles northwest of Edmonton.

Funeral is to be held in Edmonton.

Mrs. Taylor is survived by her husband; five sons, three daughters, two brothers and five sisters.

Sons are David, Albert, and Herbert, all of Gibbons; Paten of Edmonton and Jessie of Vancouver.

Mrs. Alex Zaef, Cardiff, Mrs. Glen Saunders, Vancouver, and Mrs. Tony Payne of Wilwood are daughters.

Two brothers, five sisters and 11 grandchildren survive.

Mob Kills Man KINGSTON, Jamaica, July 2. (CP)—A mob of farmers beat to death an unidentified man here last night who was accused of stealing six cows in neighboring districts.

RAIN AND HAIL Rain and hail marred the afternoon show with a 45-minute down-pour that drenched 5,000 people seated in open bleachers. The fast-scattered when radio activities were temporarily halted, but later resumed.

Stampede continues today regular competitions being held this afternoon, and final this evening.

Results were:

THURSDAY

1/2 mile open race—Johnny Swain, first; L. G. Goss, second; Jack Lauder, third.

TRADITIONAL, white satin was chosen by Margaret (Peggy) Winifred Milne for her marriage to Donald Lawrence Metherell recently. The bride is the daughter of Mr. and Mrs. B. C. Milne and the bridegroom the son of Mr. and Mrs. H. Metherell, all of Edmonton.

Clare Jean Kuhnke Wed at Ferintosh

FERINTOSH, July 2.—A pretty wedding took place at Zion Lutheran Church here recently when Miss Clara Jean Kuhnke, daughter of Mr. and Mrs. William A. Kuhnke of Ferintosh, became the bride of

Miss Cummings Recent Bride

Altar of St. Paul's Anglican Church was banked with pink and white carnations Saturday evening when Miss Dorothy Cummings, eldest daughter of Mr. and Mrs. J. Cummings of Edmonton, became the bride of Roy Lewis, second son of Mr. and Mrs. Reed Higney of Bon Accord.

Rev. L. M. Watts officiated. A two-piece rose crepe frock was chosen by the bride who was given in marriage by her father. The torso length bodice was draped to form a peplum and bustle back. A navy hat with pink rose bud trim, navy accessories and a cascade of cream roses and mauve sweet peas completed her costume. She carried a white prayer book with markers of white ribbon held by a single cream rose.

Mrs. James T. Higney, sister of the bride, was matron-of-honour. She wore an afternoon model of turquoise printed jersey and a white starched lace bonnet. Her costume was of pale pink carnations.

William Higney was best man and William Cummings and Frank Higney were ushers.

Reception for 45 guests was held at the home of Mr. and Mrs. W. J. Burns, uncle and aunt of the bride.

The bride's table was set with white linen and covered with a three-tiered pillared wedding cake. White taper and candle vases of pink and white daisies completed the table arrangements. Pennies and aspirin were used in procession throughout the room.

Mrs. Cummings chose for her daughter's wedding a navy crepe model with cream accessories. Her corsage was of deep pink carnations. Mrs. Higney, mother of the bridegroom, wore black crepe with silver sequin trim and a white hat. She had a corsage of pale pink carnations.

W. J. Burns proposed the toast to the bride.

Mr. and Mrs. Higney left later by car for a honeymoon trip to the 34-0 Beach and Calgary. The bride wore a pale blue dress and carried a white bouquet and navy accessories.

The couple will live at Bon Accord.

Wardrobe Essentials Suit Weather, Place

Vacation Clothes Should Be Planned According to Type of Holiday Resort

How are you going to spend your vacation? The mountains, the shore, the city or a cruise? You will want to know the kind of clothes to bring.

"If you are going to the big city for your summer holiday, to see the sights, you will need a few good, cool, street clothes. They should be subdued in color and subdued in style. For example:

A dark fable suit—of alpaca which is new—both trim and dressy blouses. A dark sheer dress made in a semi-tailored way. Cool these off with white gloves and a white hat, and they are smart for any anti-lightening, matinee restaurant dining. And take a check of taffeta shirtwaist which is quite the rage now.

Also a dark print with the new open neckline. Things like that. And a coat of some kind.

"If you are planning a motor trip, try to look trim and tailored all the time. Suit-dresses are best for this. If you have one printed suit-dress, another one plain and dark and a neutral colored wool gabardine suit with a dark blouse, you will be doing all right.

Add a soft dress or two for hotel wear. And a sports coat.

"About prints for this wardrobe.

Edythe Dodds Married In St. Stephen's Chapel

Baskets of red and white peonies decorated St. Stephen's College Chapel for the wedding Saturday evening of Edythe Clarissa Dodds and Lloyd Muir Smith.

The ceremony was performed by the Rev. G. A. Larue and Millard Foster played the wedding music.

The bride is the daughter of Mr. and Mrs. George E. Dodds, Edmonton and the bridegroom the son of Mr. J. H. Smith, Calgary.

Azure blue crepe was chosen by the bride who was given in marriage by her father. She chose matching accessories and lace mittens and a corsage of Pink Delight roses and stephanotis.

She carried a prayer book marked with a pink rose and her only jewelry was a ruby set pendant.

David Lubert was best man and John Dodds was usher.

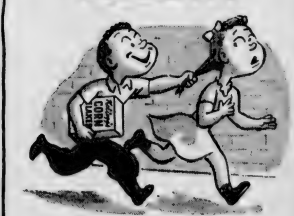

At a reception in the Embassy Moon Mrs. Dodds received with the wedding party wearing a dress of pale grey silk with matching accessories and Tallman rose corsage.

Mrs. Smith chose a powder dress complemented with matching accessories and corsage of light coral.

A tiered wedding cake embedded in tulle, flanked by vases of flowers and white taper (center) were the bride's table. The Hon. D. B. Mac-

ILLI Contribution WASHINGTON, July 2.—(AP)—President Truman yesterday signed a resolution authorizing a \$1,000,000 annual United States contribution toward the expenses of the International Labor Organization. The ILO is an agency of the United Nations.

What does he want with women? He's got Kellogg's Corn Flakes!

Again in 1948, 4 out of 5 vote Kellogg's First for Flavour!

Again this year independent research investigators took a poll. They asked Canadian housewives which brand of corn flakes they liked best. 4 out of 5 said "Kellogg's."

Your family like Kellogg's Corn Flakes too? Kellogg's taste so fresh... so crisp, it's often hard to keep them on hand.

Check your pantry shelf now. If your last package has been opened, it's time to order more Kellogg's Corn Flakes! Made by Kellogg's in London, Canada.

The Greatest Name in Cereals!

YEARS OF HAPPINESS are in store for Mr. and Mrs. William Groves who were married recently in the city. They are making their home in Edmonton.

Family Reunion At 65th Anniversary

St. Albert couple, Mr. and Mrs. G. Seibert will celebrate their 65th wedding anniversary July 2.

To mark the occasion a family reunion and picnic will be held to honor the couple. Mr. Seibert, 80, and Mrs. Seibert, 86, were born in Waterloo County and lived in Bruce County until 1917 when they came to Alberta and settled on the farm on which they are still living.

They have two daughters and three sons: Mrs. Thomas Atkinson (Florence), Mrs. Lucius Alvin (Marguerite), both of St. Albert; Fred Seibert of Winnipeg; Herbert Seibert of Picher, and Percy Seibert, of Belleville, Ont.

They have 16 grandchildren and eight great-grandchildren.

Yugoslav Loan
BELGRADE, July 2.—(Reuters)—Yugoslavia yesterday launched a 3,500,000,000-dinar (\$70,000,000) loan for its five-year plan, part of which was criticized by the Communists for this week as "too hasty."

War Memorial
BRUSSELS, Belgium, July 2.—(Reuters)—A memorial raised by public subscription will be dedicated here Sept. 12 in memory of Canadian soldiers who liberated the city during the Second World War.

Soaping' dulle hair—
Halo glorifies it!

Yes, even finest soaps and soap shampoos hide the natural luster of your hair with dulling soap film.

• Halo contains no soap. Made with a new patented ingredient it cannot leave dulling soap film!
• Halo reveals the true natural beauty of your hair the very first time you use it. Leaves it shimmering with glorious highlights.
• Makes coarse, frizzy, rough, unruly hair, even in hardest water, leaves hair soft and manageable, easy to comb!

Leaves hair sweet, clean, naturally radiant and lustreous!
• Needs no lemon or vinegar after-rinse! Halo rinses away, quickly and completely!
• Carries away unightly loose dandruff like magic!
• Lets hair dry soft and manageable, easy to comb!

HALO REVEALS THE HIDDEN BEAUTY OF YOUR HAIR!

White Pique Eyelet Dresses

Avoid The Heat Of The Summer in Cool-as-Snow White

Keep your temperature down in a smart little dress of cotton pique eyelet designed with the simplicity of a daisy and with a daisy's charm. A cool square neck, and easy-iron full button front, with cape sleeves, self belt and flared skirt. Keep cool company with summer in white.

Sizes 12 to 16. EACH

\$7.95

New Cotton Batiste Blouses

There's A Touch Of Paris In These

Modern interpretations of an old fashioned theme. Have a lace trimmed jabot and a little round neck line. Or if you'd rather... a semi-circle finely pleated eyelet-trimmed yoke and a small ruffle to cup your throat. The sleeves are just-below your elbow and trimmed with an eye-catching frill. White only.

Sizes 11 to 20. EACH

\$3.79
